

# ARTIFICIAL CHRISTMAS TREE ROYAL SPRUCE PREMIUM PU

A premium artificial Christmas tree. Thousands of spruce needles made of two different materials. PVC needles are soft and long. Placed near the trunk they give the Christmas tree density. PU needles located outside give the Christmas tree a realistic look.

## MATERIAL

Christmas tree needles were made of two materials. PVC needles are long and soft. PU needles are rigid and realistic. Using both materials allowed us to create a premium Christmas tree.

## STORAGE

An artificial Christmas tree from FairyTrees should be stored in a special bag or carton and in a room with an ambient temperature of up to 25°C (77°F), such as is in a basement or a garage.
