

ARTIFICIAL CHRISTMAS TREE WHITE FROSTED SPRUCE IN A BURLAP SACK

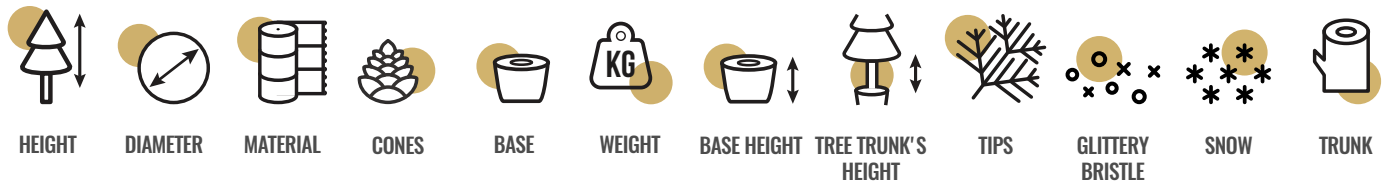

An artificial Christmas tree on the trunk is an interesting alternative to a classic Christmas tree. The combination of a natural trunk with plastic needle makes this tree ready for placement in home as well as garden. On the trunk there may be traces of twigs and resin. Branches are lined with silvery-white glitter.

MATERIAL

In the production of our Christmas trees we used the highest quality self-extinguishing PVC film, which is resistant to UV rays, humidity and temperature changes. Needles keep their color and shape for a long time.

STORAGE

An artificial Christmas tree from FairyTrees should be stored in a special bag or carton and in a room with an ambient temperature of up to 25°C (77°F), such as is in a basement or a garage.

HEIGHT	DIAMETER	MATERIAL	CONES	BASE	WEIGHT	BASE HEIGHT	TREE TRUNK'S HEIGHT	TIPS	GLITTERY BRISTLE	SNOW	TRUNK
150 CM	70 CM	PVC, WOOD	NO	CONCRETE	12,0 KG	20 CM	68 CM	146	YES	NO	NATURAL
180 CM	80 CM	PVC, WOOD	NO	CONCRETE	13,0 KG	22 CM	72 CM	190	YES	NO	NATURAL

Every Christmas tree is handmade. The data can differ.
